

International Association for Computer Information Systems

Call for Proposals (Papers, Panels, Abstracts, Workshops)

62nd IACIS Annual Conference - October 5 - 8, 2022

Golden Nugget, Las Vegas, Nevada

<https://iacis.org/conference/conference.php>

Conference Theme: Digital Transformation and Disruptive Technologies

The theme of the 2022 IACIS annual conference is Digital Transformation and Disruptive Technologies. Digital transformation includes embracing disruptive technologies to enhance productivity and create values for organizations. You are invited to share your research that focuses on current and emerging topics related to the theme of the conference, e.g., 3D printing, 5G and improved connectivity, additive manufacturing, agile development, artificial intelligence and machine learning, automation and robotics, blockchain or hyperledger, cyber security advances, edge computing, headless tech, IoT connected devices, open APIs and microservices, the rise of “As-a-Service” computing, the work-from-home (WFH) revolution, virtual and augmented reality, voice-activated searches, or other relevant topics.

Submission Deadline

To meet conference deadlines, all submissions MUST be submitted online by **May 30, 2022**. Important: Please note that all submissions (full papers, extended abstracts, & abstracts) must be submitted by the deadline above to undergo the double-blind, peer review process and be considered for publication in either the *Issues in Information Systems* (IIS) or the conference proceedings.

What to Submit

You are invited to share your research on the conference theme, or other relevant IS and IT research, with the educators and professionals attending the IACIS International Conference. Papers covering related academic and technical issues are also encouraged. Submit Full pedagogy/research papers, Abstracts, or Panel presentation proposals.

Submit only unpublished, original works. Proposals for workshops, panel presentations, and round table discussions should provide a general overview of the session's objectives and activities.

Publication Opportunity

All submissions are double-blind refereed. All high-marked full papers accepted in the review process will be fast-tracked for publication in Volume 23 of *Issues in Information Systems*, a publication of IACIS. *Issues in Information Systems* journal is a refereed, serial publication that is registered with the U.S. Library of Congress and listed in the Cabell's Directory of Publishing Opportunities in Management. All other accepted submissions will be published in the Conference Proceedings.

Where to Submit
